October 14, 2015

The Honorable Christopher J. Christie
Governor
Post Office Box 001
Trenton, New Jersey 08625-0001

Dear Governor Christie:

Over the course of the last year, first responders, and police officers in particular, have been under constant attack by elements in the media and organizations that knowingly or unknowingly encourage criminal behavior.

These unfair attacks -- many by liberals using extraordinarily illiberal language and tactics -- are deplorable. As elected officials we should not be silent while these hostile actions towards our brave police men and women continue. They need to know that their elected officials will be vocal allies against those who undermine our public safety.

According to the National Law Enforcement Officers Memorial Fund, The National Law Enforcement Officers Memorial lists the names of 20,538 officers killed in the line of duty. 117 law enforcement officers were killed in the line of duty in 2014 alone. Over the last decade, 1,466 law enforcement officers died in the line of duty. And on average there have been 58,930 assaults against law enforcement each year.

Our elected officials must stand up and say "Police Lives DO Matter!" Enclosed, please find a resolution signed by the Governor of Texas stating such. We humbly ask that you take similar executive action.

In addition, a joint legislative resolution stating that "Police Lives DO Matter" and declaring January 9 of every year "National Law Enforcement Appreciation Day" is currently being drafted for introduction.

Thank you for your attention in this matter and for your support of our men and women in blue.

Parker Space
Assemblyman

Sincerely,

Gail Phoebus
Sussex County Freeholder
